

A close-up photograph of a brown duck's head and neck. The duck is wearing a bright yellow, translucent plastic mask that covers its beak and has two small circular holes for eyes, making it look like a cat. The duck's feathers are a mix of brown and tan.

HAVE FUN & BE SEEN!

The Kittery Block Party kicks off the summer season with the best community party on the Seacoast. Thousands of locals flock to the festival for a day of family fun and a night of great music. Your support allows us to continue to support local non-profits and ensures your company gets seen!

SHOWCASE YOUR BUSINESS

With over 5,000 attendees your business will get the recognition it deserves. We offer promotional opportunities through local media channels, our social media platforms, event banners, and recognition on the day of the party. Our reach extends from Boston to Portland, and we've gotten editorial coverage from Maine Magazine, The Boston Globe, The New York Times, The Washington Post and others.
